

**Jim Sparks – Clawson High School  
Current Regional Director – Region 17**

I have been the head coach of Clawson since 2002 and on staff here since 1993. I feel very fortunate to have been serving as a regional director since 2005. I consider it a huge honor to serve in this role and would love to continue serving in this role for many years to come. In my time as regional director I have served as the All Star game chair and attended every board of directors meeting during my tenure. I have also served on the football committee of MHSAA and been part of the staff that oversees the football finals at Ford Field. It is my desire to be re-elected to my position as region 17 director so that I may continue to serve the interests of the coaches and student athletes in my region.
