SERVING MICHIGAN'S COACHES

May 2008

Hall of Fame Induction

By Jack Carlson, Historian

Always a hit at the Hall of Fame induction has been an opportunity to get a photo with Michigan's (now former) head coach, Lloyd Carr. As the speaker for the 2008 induction Coach Carr made that happen again. He's joined here by inductee Gene Skidmore and members of his family and at the left, The University of Michigan's new head coach, Rich Rodriguez.

The 2008 Michigan High School Football Coaches Association Hall of Fame Banquet and Induction was held at the Track & Field Building on the University of Michigan Campus on Saturday, April 19th.

The 26th Annual Induction begins the second quarter century of this annual event which, including this year's inductees, has inducted 601 of the finest high school football coaches in the State of Michigan into the Hall of Fame.

The first induction took place in 1982 with the inaugural class being the original Board of Directors. Each induction has a personality all it's own and

Hall of Fame Banquet and Induction

Continued from page 1

"Have coached several different sports, but the bonding, humor, physical passion, and intensity that is part of coaching football makes it very special. High school football is a unique opportunity for student athletes, and I was blessed to be a part of it."

*Coach John W. Knuth,
Marysville*

this year was no exception. But over the years, many things remain constant. One constant is that the inductees are men of achievement and integrity, who give credit to their families, their players, their fellow coaches, and their communities for their success. Another constant is the dedication of the members of the association who take care of the many details that go into organizing, maintaining, and setting up for the banquet. These are the members who, behind the scenes, give of their time and energy, with no thanks needed, to make this an exceptional evening for the inductees, their families and friends. Without them, this evening would not be the outstanding evening that it is.

The evening also marked the end of an era and the beginning of a new tradition. Over the past 25 years, guest speakers have included Woody Hayes, Duffy Daugherty, Ara Parsegian, and University of Michigan head coaches, Bo Schembechler, Gary Moeller, and for the past 14 years Lloyd Carr. Coach Carr ended his final speech, which recognized the importance of coaching and the dedication the inductees have given to high school football, by introducing the new head football coach of the University of Michigan, Rich Rodriguez. Coach Rodriguez indicated he was extremely proud to be part of this extraordinary evening and assured those in attendance, the tradition at The University of Michigan would continue. At the conclusion of this historical evening, many of the inductees, with their families and friends, had the opportunity to have their pictures taken with both Coach Carr and Coach Rodriguez. Along with the acceptance speeches of the inductees, this is truly one of the highlights of the evening and appreciated by all.

Thirteen outstanding individuals were honored. Their credentials will be enshrined forever in the MHSFCA Hall of Fame. They coached for over a combined 430 years, won more than 2,400 football games, but most of all, touched the lives of countless individuals. The inductees expressed their love of coaching and their love of football. They recognized those who have made it possible for them to do what they love to do.

Coach John W. Knuth, Marysville: "I have coached several different sports, but the bonding, humor, physical passion, and intensity that is part of coaching football makes it very special. High school football is a unique opportunity for student athletes, and I was blessed to be a part of it."

Coach Jim McCloughan, South Haven: "Football has been one of my passions since I was a little boy. ... I realized that coaching was my next step in life. ... I have modeled my advice by choosing the profession which cuts to the heart and soul of who I am, coaching and teaching."

Coach Kurt Richardson, Clarkston: "Coaching gives you a chance to have a positive influence on young people's lives."

Coach Gene Skidmore, Wyandotte: "I have always enjoyed working with young athletes and trying to instill in them my passion for the game of football. You make many friends in life, but none as great as those you go to battle with. You will always remember those you have stood next to on the sideline."

The 26th Annual Hall of Fame Induction and Banquet was truly remarkable. Congratulations once again to the inductees: The Class of 2008. *The Best of the Best* and the *Finest of the Finest*.

Dealing with Parents • A Round Table Discussion

Joe Wright, Tekonsha Michigan

Coach's present: Phil Witkowski, Shelby High School. Dave Groin, Climax-Scotts High School. Tim Moore, Athens High School. Shane Fullerton, Stockbridge High School. Daryl Cummins, Tekonsha High School.

Reason for round table: *Coaches have to deal with parents' expectations. Some are good, many can be negative. I have talked to former coaches that have quit coaching because of parent interaction. Our purpose was to draw up an outline that coaches can turn to as a template to use, or change to fit their program and print as a hand-out to parents at a pre-season meeting.*

How can you, as a parent, be part of our program?

- 1. Pregame meals.** We will have our pregame meals on the night before the game. You are invited to attend. We will need the help of parents and boosters in preparing, and serving the meals. At the meals, we will announce our scout team player of the week. This player will be the 1st in line to eat. We will also have 2-3 other players talk about what our team means to them and whatever they have on their mind. We will make this an exciting night for the boys and our program.
- 2. Tailgate.** Especially on away game nights, to have a sandwich, and drinks for players after the game.
- 3. Film Night.** Attend an open film night during the week, so all can see and enjoy. This will be a fun night, not a night to teach or talk about players.

What can you do to help the program and your son to achieve success?

- 1. Support the coaching staff** even if you don't agree with them. The importance of support is so the kids stay positive, and be team players. A negative parent makes a negative player, and hurts player attitude more than helps. A negative attitude can also cause conflict and affect teaching ability between player and coach. You may not agree with everything we do, but it is important that your child not hear you talk negative. Also, many times a child will tell their parents something, because they think that is what their parent wants to hear.
- 2. Don't coach your son.** That is the job of the coaching staff. When a parent teaches their child one thing and the coaching staff another, the player gets confused. The player has to be able to play within the team scheme.
- 3. Remember, your child is still a kid.** Let them be kids first and enjoy the sport as a high school activity. Sports are part of their education. Many lessons are learned, and used the rest of their lives.
- 4. Don't talk about other players in a negative way.** This hurts TEAM moral more than you think. It teaches a kid to judge, not support their teammates. Remember: The team is bigger than the individual player.
- 5. Success is based on improvement** and work put forth. Not on the win/loss record, or individual stats.
- 6. Be courteous to the officials and opposing players.**

What can parents expect from us as coaches?

- 1. To treat all athletes with proper respect.**
- 2. To discipline individuals as a team member:** We expect players to adhere to team rules, school rules, Michigan High School Athletic Association rules, and the law.
- 3. To give every athlete a fair chance to play.**
- 4. To understand that playing time is earned in practice.**
- 5. To understand that lack of playing time does not mean we do not like your child.** We do!

Communication

We will talk to you at an appropriate time. We are approachable. We are human. We do ask you to use the 24 hour, cooling down rule, after a game.

- 1. We will not talk before or after a game.** These are times that we have too much on our mind.
- 2. Please make an appointment** for before, or after practice.

Proper things to talk about:

- 1. Your son.** What can he do to get more playing time? Not: can he play more, or why is he not playing. Many times there is a reason for lack of playing time that your child will not tell you. (late for practice, girl friend was more important, etc.)
- 2. Concerns about behavior,** with the team, or in his class, or at home.
- 3. Grades.**
- 4. We will not talk about other players or other players parents.**
- 5. We will not talk about our football scheme and plays.** If we cannot come up with a solution to your problem, we can set up an appointment involving the head coach, athletic director, and yourself.

Expectations of Players

**Parents should understand what we expect from our players*

- 1. To be at all practices.** To practice with an upbeat tempo
- 2. To attend class, and to get appropriate grades** (School comes first)
- 3. To treat other teammates with respect**
- 4. To treat teachers and other students with respect**
- 5. To learn our offense, and our defense**
- 6. To be at all team functions**

Expectations - Division 1,2,3 or lower?

- 1. You must understand that not all kids can play at the Division 1 level.** You must also understand how many openings are available at the Division 1 level, and how players play high school football. If your son is athletic enough to play at a high level, he will be found.
- 2. College coaches are always looking for players.** There are certain ways that they will recruit. They will see a player play, they will contact a high school coach, or they will hear about an athlete. One of the major ways they will see your son is at college football summer camps, and they will watch him play if interested.
- 3. Questions recruiters ask the high school coach:** Is he coachable? Does he cause any problems? Has he had any problems with law enforcement? How are his grades? What is his work ethic? Can he play at our level?

Why MaxPreps?

Endorsed by the MHSFCA, MIVCA, BCAM and many coaching organizations across the nation!

- *It's free!*
- *It's easy!*
- *It can be delegated!*
- *It will improve communications!*
- *The more participation, the better it is!*

MaxPreps has been endorsed by numerous coaching associations and media outlets including USAToday.com. MaxPreps is a CBS Sports company.

It's Free

The services MaxPreps provides (described at right) are free to coaches. Maxpreps will not approach your sponsors. Our advertisers include national and global corporations such as Nike, Adidas, the US Army National Guard and T-Mobile.

It's Easy

MaxPreps is easy to use. The web site walks you through entering your roster, scores, and statistics (you are not required to enter information in all categories, i.e. if you don't keep a particular stat; you don't enter it on the web site). With a computer and internet access, anyone you designate (statistician, assistant coach, player, parent) can enter the information. It takes about 10-15 minutes.

It will improve your communications

Parents, players, college coaches, your college roommate in Tasmania all can view your team's scores, team and individual stats, league standings, highlight videos, and photographs. Media can be designated by you to receive post game reports automatically.

The more participation, the better it is!

Conference and league reports, useful for choosing All Conference and All League teams, are most useful if they include stats from each school in the conference or league. Statewide reports, tools that could be used in choosing All Star and All State teams, will be much more valuable if every school in the state has entered their stats into the MaxPreps system. Want to print game programs? You can do that on the web site. If your opponents have entered their rosters, they will be included along with leaders for both teams and your schedules and results.

All Star Nominations: All Star coaches use MaxPreps to get your players' stats. They need video as well. You can upload video (it's easy) to your MaxPreps web site.

MaxPreps.com is a division of CBS.

MaxPreps Key Features

NATS is the MHSFCA Skills Camp

The National Athletic Testing System (NATS) is a partnership between the American Football Coaches Association (AFCA) and officially recognized state high school coaches associations including the MHSFCA.

The NATS program is in many respects an athletic version of the Scholastic Aptitude Test for high school football players. It is a nationwide standardized athletic performance test that produces results that can be used to track and compare the players' athletic ability and development. NATS is also, however, a means of providing players, parents, coaches and guidance counselors important information and services pertaining to college recruiting, NCAA academic requirements, financial aid and athletic performance analysis and preparation.

Development of NATS began in 2000 when the AFCA organized a task force comprised of college coaches and state high school coaches association representatives to research and develop the NATS program. The task force designed a national athletic testing system and established a standardized athletic test grading formula and player data distribution technology. The task force also developed web-based interactive tracking tools for players (and parents) to help them follow their physical development and academic progress throughout their high school career.

NATS concluded its third and final phase of development in 2004 when six state high school coaches associations conducted the first NATS Tests. Following the success of these

initial NATS Tests, AFCA approved full implementation of the NATS program.

All players, beginning in their freshman year, are invited to participate NATS. NATS results and player profiles are distributed online to every college football program in the country.

Michigan High School Football Coaches Association

Alliance Award

MHSFCA Youth Football Committee

The MHSFCA Alliance Award is offered as a token of appreciation to person(s) having made a long-term commitment to youth football. Individuals that actively promote youth football, simply for a love of the game, and have done so for a long period of time, are excellent candidates. Coaches can be nominated if their contributions expand far beyond personal team(s). Won/loss records are of no concern. As a rule of thumb, persons that have affected the most youngsters over the longest period of time will receive the most consideration through this process. To date, all recipients of this award have been involved with youth football more than 20 years. Volunteers will be given additional consideration.

The nomination process will be completed when this form and accompanying letter are received on or prior to April 1 of the upcoming year. Please mail to: Bill Hollenbeck, MHSFCA, 6856 Wheeler Road, Maple City, MI 49664.

Future Teacher/Coaches Data Base

By Vince Leveille, Vassar H.S.

I am sure you are aware of the teacher shortage problem in our state. Finding a teacher that is willing to coach football is even more difficult and is getting worse every year. Nearly every head football coach has a player or two attending college for teaching.

We have developed a database of teacher education students that played football and are willing to coach upon graduation. I believe it would be much easier for administrators looking for teachers to hire a coach if they had a list of qualified applicants.

Below is an information sheet. Please copy this as needed and give it to any of your former players that are in a teacher education program in college and are interested in coaching upon graduation. They do not have to be seniors to get their name in the database. I would like to keep track of freshmen through seniors. The success of this program is dependent upon the coaches getting the information sheet to prospective teacher/coaches.

The second half of this concept is to get the information to the hiring person. If your school has a teaching position open and would like a list of future football coaches, they need to contact me and I will provide them with the information. Please notify your hiring person that there is a list available to them.

If a school employee would like a list of names, have them contact Vince Leveille by email at vleveille@vassar.k12.mi.us or by phone at 989-823-8534 (email would be easier).
